A MESSAGE FROM THE EXECUTIVE DIRECTOR

ED

Dear Parents,
Assalam o Alaikum,

It is both an honour and a privilege to announce that since 2019, I have been serving as the Executive Director of the Message Foundation and Message Grammar School. With a career spanning back to 1996, I have had the opportunity to contribute to the field of education in various capacities, working with esteemed educational institutions across Pakistan. I am deeply grateful to Allah for granting me the opportunity to work within an Islamic school, and I can sincerely attest that my experiences over the past five years at Message Grammar School have been nothing short of remarkable.

Our institution stands as a beacon of contemporary Islamic education, dedicated to cultivating the minds and souls of our students in accordance with the teachings of Islam, under the light of Quran and Sunnah. Our mission at Message Grammar School is to provide an educational environment that fosters intellectual curiosity, critical thinking, and a profound understanding of our faith. Through a curriculum infused with Islamic values across all disciplines, from mathematics to literature, and from science to history, we strive to instill in our students a passion for learning, a sense of social responsibility, and a steadfast moral compass.

Our dedicated faculty and staff are unwavering in their commitment to delivering excellence in education. Through innovative teaching methodologies, personalized attention, and a supportive community, we aim to empower each student to realize their full potential academically, spiritually, and personally.

Looking ahead, we remain steadfast in our pursuit of excellence and continual improvement. We are constantly exploring new avenues to enrich the educational experience for our students, be it through the integration of technology, extracurricular initiatives, or community outreach and engagement programmes.

Alhamdulillah, in alignment with the vision and mission of our Trustees, the expansion of Message Grammar Schools is underway. In 2022, we inaugurated our second campus – MGS Qarshi University Campus – specifically designed to meet the needs of our senior students. Furthermore, we are actively pursuing plans to establish a link with Qarshi University, thereby ensuring the seamless completion of the educational journey for our students. Moreover, with the unwavering support of our Trustees, we are in the planning stages for the development of our third purpose-built campus on Defence Road, Insha-Allah, next year. May Allah bless this endeavor and grant us His guidance and support.

I extend my heartfelt gratitude to all our parents, students, and Trustees for their unwavering dedication and support. Together, we are building a brighter future for our children, providing them with an environment conducive to success in this world and the hereafter.

May Allah SWT bless our efforts and guide us on the path of righteousness.

Sincerely,
Muhammad Azhar Khan
Executive Director -Message Foundation
